LE3191E

Single Stage

Put away the shovel. Try Snapper's LE Single stage snowthrower to clear a 19" path and toss the snow up to 25 feet away. This machine removes 1300 pounds of snow per minute with 9" rubber-lined augers that clean right down to the pavement. This machine is powered by a 3-Hp Tecumseh Snow King engine. A 120-volt electric start model makes it easy on cold winter days
