Safety Rain Jacket

SKU: FR201

*waterproof * industrial * commercial*

Available in the new "NEON", a color that has grown popular because of added visibility. We have also increased the amount of reflective material to meet the ANSI III specifications.

Traffic directors, major construction sites, cross walk attendants, lawn maintenance, paramedics, crowd control, outside electronic service technicians, heavy equipment operators...you get the point. In almost every outside job, increased visibility adds to the company's safety record...which always helps on the insurance premiums.

Many people wear them even when it's not raining.
